

GBG shows its support for friends in Philippines

INTRAMUROS, MANILA, PHILIPPINES (Nov. 4, 2009) – GBG/TieCare International Vice President of Marketing **Mark Tomaszewski** presents \$2,000 for the typhoon relief efforts in the Philippines to **Crisanta Cayetano**, administrator of the Manila Chapter of the National Red Cross.

Joining in the presentation are **Patrick Merkley**, president of GBG's ATMSafe division; **Gail Magbunua**, operations manager of ATMSafe in Manila; and **Ruben "Ben" Rubio**, vice president of KRM Insurance Brokers.

The money was raised by GBG/TieCare associates, with matching funds from the GBG Corporate Office in California, in response to the multiple typhoons that swept the region in the Fall of 2009.

"We have many clients in the Philippines in the educational and banking segments, including a very substantial ATMSafe program with Philippine National Bank," Tomaszewski said. "We are happy to make a contribution to help our customers through these severe-weather situations."
